other person constructing the projects on such lands adequate rights-of-way and control of access thereto from adjoining lands. It directs any such agency to cooperate with the Secretary of Transportation in this connection.

(b) Title 23, United States Code, section 317, provides that:

(1) If the Secretary of Transportation determines that any part of the lands or interests in lands owned by the United States is reasonably necessary for the right-of-way of any highway constructed on the Federal-aid primary system, the Federal-aid secondary system and the National System of Interstate and Defense Highways, or under Title 23, United States Code, Chapter 2, or as a source of materials for the construction or maintenance of any such highway adjacent to such lands or interests in lands, the Secretary of Transportation shall file with the Secretary of the Department supervising the administration of such lands or interests in lands a map showing the portion of such lands or interests in lands which it is desired to appropriate.

(2) If within a period of 4 months after such filing the Secretary of such department shall not have certified to the Secretary of Transportation that the proposed appropriation of such land or material is contrary to the public interest or inconsistent with the purposes for which such lands or materials have been reserved or shall have agreed to the appropriation and transfer under conditions which he deems necessary for the adequate protection and utilization of the reserve, then such lands and materials may be appropriated and transferred to the State highway department or its nominee, for such purposes and subject to the conditions so specified.

§ 14.51 Extent of grant.

By decision of the Secretary, Nevada Department of Highways, A.24151, September 1945, it was held that the law imports discretion and indicates no intent to vest in the State a right at the end of the four months' period without further action by the Department having jurisdiction. It was held further that the interest transferred under the statute is merely a right-of-way or right to take materials and that the

Government may reserve the right to dispose of leasable minerals.

§ 14.52 Termination of right-of-way no longer needed.

If at any time the need for any such lands or materials for such purposes shall no longer exist, notice of the fact shall be given by the State highway department to the Secretary of Transportation and such lands or materials shall immediately revert to the control of the Secretary of the Department from which they had been appropriated. Notice by the State highway departments, that the need for the land or material no longer exists may be given directly to the Bureau which granted the rights.

§ 14.53 Application.

§ 14.54 General.

Applications for rights-of-way and material sites under title 23, U.S.C., for lands under the jurisdiction of the National Park Service, together with four copies of a durable and legible map shall be filed by the appropriate State highway department with the Director, National Park Service, Department of Interior, Washington, D.C. 20240. Maps should accurately describe the land or interest in land desired, showing the survey of the right-of-way, properly located with respect to the public land surveys so that said right-of-way may be accurately located on the ground by any competent engineer or land surveyor. The map should comply with the requirements of § 14.25(a).

§ 14.55 Consultation with local bureau officials, program values.

An applicant will be expected, at the earliest possible date prior to the filing of an application, to consult with the local officials of the National Park Service to ascertain whether or not the use or appropriation of the lands for right-of-way purposes is consistent with the Service's management program and to agree to such measures as may be necessary to maintain program values. Failure to do so may lead to an unresolvable conflict of interest and necessitate disallowance of the application.
